

A photograph of a living room interior. In the center, a large, colorful tapestry with a landscape scene hangs on the wall. Below it is a dark wood bench with a white cushion featuring a colorful geometric pattern. The bench is adorned with four pillows: two red, one pink, and one yellow and red striped. To the left, a small wooden table holds a vase of flowers and a candle. To the right, a red lamp with a pink shade sits on a side table. The floor is covered with a large, colorful, geometric patterned rug. The overall style is eclectic and traditional.
